ker-Splash!

Well, the Gryphon social year 1959-60 got off to a bang at the picnic on Friday before last. The new plastic surgery at Wassergas certainly produced a delightful and functional change. (I guess the Pledge Master will really get wet next spring.) While for most, the first event was a touch football game, for some it was swimming and sunbathing and for others it was just plain sleeping. When the football players had had their fill there was a mad dash for the lower pond while others started getting the food ready. After many rounds of hot dogs, hamburgers, beans, potatoe salad, macaroni salad and soda everyone seemed thoroughly satisfied. We certainly look forward to visiting the Campbells again in the spring-- and maybe even this winter again for ice skating?

Oh, my aching back department--

After a promising start, the Gryphon softball forces ended up suffering an embarrassing setback in their traditional game with the Frosh, held Saturday, September 12. Well behind after seven innings, the freshmen held out for a nine inning game. To play nine innings was a mistake on our part, to say the least. Starting pitcher, Don Derse, was (literally) bombed out after the tie-producing ninth inning, and although Andy Niiler held the frosh hitless in the tenth, they got to him in the top of the eleventh, and even with Mr. Campbell relieving Andy we could not prevent the freshmen from pulling the game out. The Gryphons were unable to do much in the bottom of that inning. At that, however, the '63ers only squeaked by, 30-16.

As is the custom, the Gryphon Society last Tuesday celebrated (oops, no offense, Mr. Campbell) the conclusion of its freshman week conferences with a banquet at the University Center. The list of our guests included such friends of the counseling program as Dr. Rouse, our faculty adviser; Dean Parr; Dean Leith; Dr. and Mrs. Mancuso from the Counseling Center; Jim "Fuzzy" Fozard accompanied by a very attractive friend; Mr. and Mrs. Toth; Mr. and Mrs. Kropp; Dr. and Mrs. Mazurkiewicz from the Reading and Study Clinic; and Chaplain Fuessle, who opened our meal with grace. The more gamesome of the Gryphons and guests then retired to the faculty lounge for bridge, checkers, pinochle, and interesting conversation. The evening was both pleasant and profitable, and I gladly add my cheer to the rising chorus proclaiming our banquet a success.

Happy Birthday to you! Happy Birthday to... What! That's right, its the Gryphon's birthday party. Just think, we're three years old now.

Let's stop this nonsense and get down to business. There's going to be a party on Saturday, September 26, and since we couldn't think of any sensible reason for one of those things, we decided to call it a birthday party. The place is Richards Gryphon Lounge, and festivities are from 9 to 2 o'clock. For those unfortunates with deficient or defunct love life, George Dolan will be glad to arrange Muhlenberg dates if contacted before 9:00 P.M. on Tuesday.

We also need two muscular men to serve as bouncers. Contact Jim Perneski if you're interested.

On Saturday afternoon from 1:30 to 4:30, there will be a pre-party "clean up the lounge, decorate, listen to the football game, drink soda and beer" party.

So let's all plan on being around Saturday for a wild birthday celebration.
